

SAMPARK & CO
IP LAWYERS | PATENT & TRADE MARK ATTORNEYS | NOTARY PUBLICS**FIRM PROFILE** v110219

SAMPARK & Co was established in 1999 by its principal Sam Park as a boutique legal firm dealing exclusively with intellectual property matters whether they are contentious or non-contentious and services clients and their intellectual property matters all around the world. The firm generally does not accept instructions in matters not related to intellectual property.

A point of distinction between SAMPARK & Co and most other Australian legal firms is that the firm SAMPARK & Co is a registered patent and trade mark attorneys practice and provides the full spectrum of services associated with a patent and trade mark practice in Australia, New Zealand and other foreign and international jurisdictions.

A point of distinction between SAMPARK & Co and most other Australian patent and trade mark attorney firms is that the firm SAMPARK & Co is also a legal practice allowing SAMPARK & Co to conduct both the non-contentious and contentious aspects of client's intellectual property matters including matters before the Australian court system.

SAMPARK & Co deals with both domestic and overseas matters all around the world and our services range from helping our clients build, manage and protect their national and international intellectual property portfolios, and or dealing with a client's national or international issues that may or have arisen in light of others intellectual property rights.

You may be seeking protection of your intellectual property, enforcement of granted intellectual property rights, or you may require advice about another's intellectual property rights [such as a commercial competitor] to provide you freedom and or confidence to operate in a market place, or if you are not clear about exactly what you require but know the outcomes you want SAMPARK & Co can assess your position, the intellectual property environment you operate in and outline options and make recommendations consistent with the outcomes that you require.

Sam Park, the principal of SAMPARK & Co, is a qualified and practicing lawyer, engineer, registered patent and trade mark attorney and notary public and has been practicing as a professional engineer since 1984 and as a lawyer since 1996 and has been in private practice in Australian patent and trade mark attorney firms since 1991, and brings professional engineering and legal experience to the firm.

SAMPARK & Co will accept instructions in most technologies and patentable subject matter including business related methods.

The staff of SAMPARK & Co are friendly, approachable and honourable not only in dealings with clients, but also with opponents even in contentious matters as SAMPARK & Co believes the interest of the client in this way can be best protected and promoted. Clients of our firm can speak with the attorney at all stages that is actually working on their matter.

SAMPARK & Co is located in the central business district of Sydney, Australia, yet we serve clients all around the world. Our office may be found at:
